

CA 350

HYDRAULIC LIFT TABLE GEM CA 350

MAIN FEATURES:

- › Maximum elevation.....199,50 cm
- › Minimum elevation.....61,00 cm
- › Dimensions of the top..... 152,50 cm x 57,00 cm
- › Dimensions of the base... 122,00 cm x 67,00 cm
- › Built with welded steel with a high strength industrial finishing
- › The table can carry up to 350,00 kg
- › The upper surface is equipped with 6 rollers
- › Locking device to prevent coffin fall
- › The narrow frame and the four rotating castors promote the manoeuvrability inside and outside the narrow spaces
- › Equipped with weighing cell

TECHNICAL DATA:

- › Specially designed for the introduction/extraction of caskets in the cold storages and as a loader in the cremator
- › Hydraulic lifting mechanism
- › Incorporated small battery
- › Great autonomy
- › Large operation ability
- › Upper surface with rollers
- › 2 swivel castors (with brake) and 2 fixed ones
- › Charging power supply for weighing cell: 12 V
- › battery charger power cable: 230/24 V
- › Optical control of the battery charge level

COD. GEM: 123 002 019

LT-COMPACT

COMPACT LIFT TABLE GEM LT-COMPACT

MAIN FEATURES:

- › Dimensions60 cm x 110 cm
- › Minimum elevation60 cm
- › Maximum elevation120 cm
- › Stainless steel structure
- › Electromechanical battery lifting system
- › Maximum load.....350 kg
- › 4 steering castors with diameter 200 mm (2 with brake)
- › Upper surface consisting of 18 rollers
- › Locking device to prevent coffin fall

COD. GEM: 123 002 018
